

International Fair on Aerospace, Future Air Mobility, Defence and Security & New Space.

Airtec is dedicated to solving the tremendous future challenges of aviation: These are to achieve climate neutrality quickly and to reach a new quality of life, especially in cities, by using new airborne mobility. This requires rethinking and rebuilding supply chains from scratch and using the New Space Industry, which contributes the necessary infrastructure for AI and autonomous systems.

Airtec is a central, international meeting place for suppliers and OEMs to find each other precisely and to establish new business relationships.

Unique position

The main unique selling point of Airtec is that technology and innovation – like nowhere else – are always the focus here. This is how exhibitors, visitors and renowned experts sum it up.

What to expect

350+ EXHIBITORS

from 25 nations

7.500+ VISITORS

and B2B participants from 35 nations

80+ SPEAKERS

renowned experts from all around the world

2.500+ B2B MEETINGS

only exhibitors and buyers from OEMs + Upper Tiers

Topics

- Zero Emission & Climate Neutral Flying
- Future Air Mobility
- Supply Chain
- New Space
- Defence and Security

EXHIBITION

Exhibitors include companies from engineering, design, composites, additive manufacturing, structures, metals, machinery, production, testing, QA, electronics, safety & security, hydrogen, batteries, SAFs, components and systems, MRO, OEMs of electric aircrafts, V-TOLs and drones.

B2B MEETINGS

AIRTEC's B2B meetings have always been "best in class". But there is always room for improvement. We have therefore analysed all comments and suggestions and will radically develop the B2B meetings further in 2024. More on our website.

CONFERENCE

At AIRTEC, the focus is on technology and innovation. The outstandingly high-class International Conference accompanies the entire event and ensures that the event's participants are renowned and of the highest calibre. Last year's programme and, from summer 2024, the current one can be found on our website.

RECRUITING

In 2023, we invested a lot of energy in establishing AIRTEC as a platform for employee recruitment. The result was 500+ student participants. Exhibitors and students were highly satisfied. Inspired by the success, we will significantly expand the topic for Airtec 2024. Goal for 2024: 2.000 student participants.

»Airtec 2023 was a fantastic opportunity for the Future Air Mobility companies and suppliers to discuss about their products, progress and future development. We look forward to even more B2B connections at Airtec 2024!«
